

VINCI vSign

Automated speed and efficiency for signatures

Built to achieve efficiency with obtaining relevant stakeholder signatures.

- ✔ Ensures all consent forms are signed as legally required
- ✔ Increases efficiency in stakeholders returning signed forms, plans or agreements
- ✔ Allows stakeholders to review and sign documents on the go
- ✔ Works on any device, easy to use and does not require downloading separate or additional apps
- ✔ No more missed signatures which can cost thousands in lost revenue

Key Features

- Electronically obtain legally binding signatures
- Ensure compliance with obtaining signed consent forms
- Administrative tasks managed for you through Workflow Manager
- Obtain signatures on the go
- Consolidate multiple stakeholder signatures onto one master copy
- Easily transfer signed documents via email
- Securely store signed documents within VINCI's document management system

Software Integration

Use VINCI vSign software on its own or pair it with the full version of VINCI Case Management Software to leverage a seamless and efficient workflow.

- Web based software
- Superior data security
- Report templates
- Workflow manager
- Automatic alerts
